

Where can I check the exact version of Excel ?

To check the Version from Excel 2016 start Excel and click on **File / Account**.
On the right side you see the office main version. In the screenshot it is **2016**.
Below you find the exact version. In the screenshot it is **1707 (Build 8326.2096)**

The screenshot displays the Microsoft Office Account page within the Excel application. The left-hand ribbon is visible, with the 'Account' option highlighted by a red dashed border. The main content area is titled 'Account' and includes an 'Office Theme' dropdown set to 'Colorful'. Below this is a 'Sign in to Office' section with a 'Sign In' button. On the right, the 'Product Information' section features the Office logo and 'Product Activated' status. The product name 'Microsoft Office Professionnel Plus 2016' and the version 'Version 1707 (Build 8326.2096)' are highlighted with blue boxes. The 'Product Activated' section is also enclosed in a red box. Below this, there are sections for 'Office Updates' and 'About Excel'.
